

# Great Western Advisory

**Our Mission is Client Results:** Great Western Advisory helps organizations achieve verifiable **results** through collaborative problem solving, decision analytics and solution implementation. We do this in two ways:

- Management Consulting and Advisory Services
- Our Proprietary “Goals-to-Results” MetisMax Methodology and Tool

Our expertise and experience help our clients achieve verifiable outcomes through the most efficient use of their resources, staff involvement and time during the consulting process. We provide them with the insights, tools and support they need to implement and control results over the long term...**and controllable results are consistent results.**

**This Is Not Our First Rodeo:** Great Western Advisory was founded by an engineer and consulting executive with over 35 years of private and public sector experience, and we have helped solve strategic, process, human capital, digital and customer experience problems for much of the federal government and nine different Fortune 500 industry verticals.

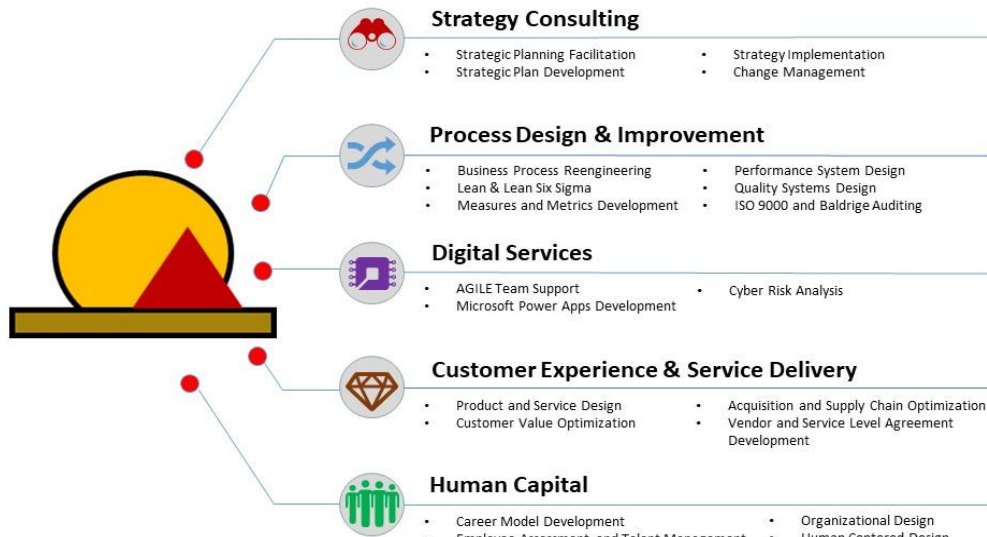

Our **federal clients** have included:

<ul style="list-style-type: none"><li>• Air Force (HAF)</li><li>• Army (HQDA, G-1, M&amp;RA, G-4, ASA-ALT)</li><li>• DISA</li><li>• DoD High Performance Computing Office</li><li>• Marines (Aviation)</li><li>• Navy (BUMED)</li><li>• SECDEF</li></ul>	<ul style="list-style-type: none"><li>• DHS (FEMA)</li><li>• DoE (ORNL)</li><li>• FAA (ATO)</li><li>• GSA</li><li>• HUD</li><li>• NASA (JSC)</li><li>• VA (VHA, VBA, BVA)</li></ul>
--	---

Our **private sector** work spans clients in:

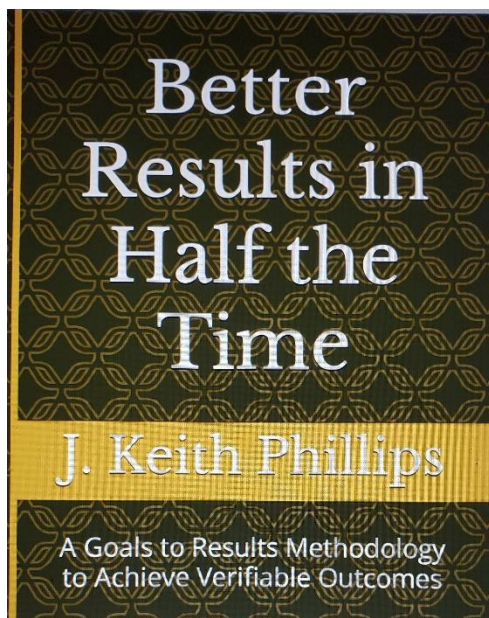

- Aerospace: Design engineering, Maintenance, repair and overhaul, Logistics support
- Automotive: Product development, Robotic assembly, Manufacturing quality
- Biotech: CFO and financial management support
- Chemicals and Energy: Process safety, Maintenance, Capital projects engineering
- Electronics: Concurrent engineering and product development
- Professional Services: Quality systems, Training, Business development support

We apply the appropriate insights, capabilities and intellectual capital developed from our consulting body of work to each client engagement...**and that means an accelerated rate of results for our clients.** Our core management consulting services include:

**Innovation Comes Natural to Us:** Great Western Advisory’s engineering heritage placed us in the middle of analytically driven, innovative organizations. Our leadership was also on the ground floor in the 1990s of using business process reengineering, organizational change management and decision support tools in an integrated fashion for our clients. We invented the MetisMax “Goals-to-Results” Methodology and cloud-based tool that helps our clients make better decisions in a fraction of the time of traditional decision-making approaches...**and better**

**decisions lead to better results.** We detail the MetisMax Methodology in the book, Better Results in Half the Time, available in paperback on Amazon.com.

For more information, or to arrange a discussion with Great Western’s leadership on how we can help your organization move from goals to results, contact:
